

November 2025

POSITION AVAILABLE:	SENIOR CLINICAL TECHNICIAN / ENGINEER
LOCATION:	FIELD POSITION NATIONAL AND INTERNATIONAL

We are currently looking to fill the following key position:
Clinical Engineering Technician / Engineer to be based at our Head Office in Randburg

We are looking for an honest, self-motivated person who will fit into our busy service centre and be able to start performing from day one. This requires someone with a good general working knowledge of all types of hospital equipment, with emphasis on clinical application. The successful applicant must be able to fault-find to board level, and be able to problem-solve independently in an unsupervised, remote environment.

Requirements:

- Excellent communication skills with a good command of the English language
- Very strong administration skills
- Valid driver's license
- Own vehicle in reliable condition
- Ability to travel nationally (able to sleep out when required)
- Ability to travel internationally
- Ability to work on site, willingness to be on standby and take care of after hours call-outs
- Must be able to cope with stressful working conditions

Preference will be given to:

- Candidates with more than 5 years working experience in the Clinical Engineering industry

Please email CV and a short motivation letter to: cvsatstat@gmail.com

Please note that only short-listed candidates will be contacted
